We are thrilled to announce the launch of [TecXposition](#), Africa's premier tech event. TecXposition promises to deliver what Africa has been waiting for, the opportunity to view technology from a global lens, with local outcomes.

TecXposition will take a multi-faceted approach to technology, exploring several domains and demystifying tech with a view **to improving profitability and enhancing everyday living**.

Virtual in 2020, the event will feature a conference, exhibition, best of Africa startup competition, hackathon solving for six challenges and much more.

In the numbers:

- 30+ Tracks
- 100+ Speakers
- 100+ Investors
- 5000 Guests
