#TecXhack4Growth

We are thrilled to announce the launch of TecXposition 2021, Africa's premier tech event. TecXposition, in its usual style, offers the opportunity to experience technology through a global lens, with local outcomes. Demystifying tech with a view **to improving profitability and enhancing everyday living**.

This year, **the event will again feature a conference, exhibition, best of Africa startup competition, hackathon solving for six challenges and much more**. However, we have a number of new offerings which we hope will prove exciting additions to the mix, to be thoroughly enjoyed by our guests. We look forward to unveiling these in due course.

In the numbers:

- 30+ Tracks
- 100+ Speakers
- 100+ Investors
- 5000 Guests

Some of our industry leading speakers:

- Hafsat Abiola – President, Women in Africa Initiative
- Professor Pat Utomi – Founder, Centre for Value in Leadership
- Amy Jadesimi – CEO, LADOL
- George James – Founder, Be-Hookd Digital
- Neha Joshi – Managing Director, Accenture Security
- Michael T Young – Director, Caterpillar Ventures

For the full line-up, visit our [Speakers](#) page.

Why attend?

- ✓ Learn and immerse yourself in all things tech – thought leadership at its best
- ✓ Participate in a 'best of Africa' [startups pitch competition](#), a pan-African [hackathon](#) solving for six challenges
- ✓ Showcase your products and services to a truly diverse audience
- ✓ Meet investors and potential partners to take your business (or idea) to the next level
- ✓ Network, network, network.
